The ViewPad E70 is characterized by its ultra-light and extremely compact design which facilitates entertainment on the go. Featuring the latest Android™ 4.0 Ice Cream Sandwich operating system and a 7" 800 x 480 capacitive multi-touch screen, the portable slate brings users a fresh browsing experience, thousands of premium apps and tons of services. Packed with a powerful 1GHz processor, the smooth operation and zero lag OS navigation makes for a truly seamless experience. Other features include a front-facing camera, Wi-Fi support, and a micro SD expandable storage for up to 32GB. The ultra-portable design makes it effortless for users to view and stream multimedia on-the-go via the 1080p HDMI output and other port connections

> **Ultra-light design for a whole new experience**
  Weighing only 375g, the ViewPad E70 is one of the lightest and slimmest 7" tablets on the market. The ViewPad E70 comes with all the brilliant and essential functions you need, available right in the palm of your hand.

> **Powerful 1GHz processor for an amazing multimedia experience**
  Enjoy an amazing multimedia experience with the powerful 1GHz processor. You'll see and feel the difference with snappy navigation, optimized power management and a longer standby time.

> **All new ViewScene™ 3D interface**
  The exclusive ViewScene™ 3D interface provides a new generation tablet experience. Simply slide your finger across the home screen to rotate a 3D carousel of featured panels and activate live 3D animations. It's customizable too – organize all your home screen panels, apps, widgets and files for convenient operation. An all new interface also introduces new panels such as notebook, calendar, RSS and My Favourites to enhance the user experience.

> **7" 800 x 480 capacitive multi-touch screen with Android™ 4.0 OS**
  The ViewPad E70 features a 7" 800 x 480 capacitive multi-touch screen which allows complete navigation of OS leveraged by touch functionality. Combined with the Android™ 4.0 operating system, a renovated user interface with a modern feel and tons of additional features, your ViewPad E70 is out-of-the box ready for optimal use.

> **Multiple connectivity for better application**
  The multiple connectivity feature includes a mini HDMI port that supports 1080p video output, a micro SD card for support of 32GB external memory and a mini USB port for keyboard and mouse connection. The ViewPad E70 also supports HDMI 1.4 for a spectacular, Full HD 1080p experience on satellite monitors.

> **Wi-Fi wireless network**
  The ViewPad E70 supports standard Wi-Fi 802.11 b/g/n while delivering high throughput and flexibility to facilitate network efficiencies.

> **Versatile applications for smarter life**
  The ultra-light ViewPad E70 comes with embedded versatile applications, including Amazon® Kindle®, Sketcher, Note Everything, TuneIn Radio, Dropbox and more applications to deliver the best in performance and flexibility.
