

The Full HD 1080p Digital Camcorder for Passionate Photographers

VC415

ViewSonic's VC415 Full HD 1080p digital camcorder features an unique pistol design with a glossy, piano-black shell and diamond-patterned grip. Armed with a lightweight body and a 3-inch, touch screen, the VC415 is your best companion for shooting in high definition. The 1920 x 1080 video resolution and 12 megapixel picture resolution provide clear, brilliant images. Never worry about blurred or out-of-focus images, as the VC415 is equipped with versatile functions such as 5X optical zoom, motion detection, visual stabilization and time lapse. Zoom in to shoot detailed portraits, or zoom out to capture a breathtaking mountain range. Built-in support for SD / SDXC memory cards with up to 32 GB of storage allows you to shoot more than 8 hours of full HD video. The USB port allows you to transfer content to an external storage device, or upload them to YouTube with the included software to share your life with the world.

1 Shoot and play back in high resolution

The VC415 captures stunning Full HD 1920 x 1080 videos and 12 megapixel photos. With HDMI output, you can transmit your high-definition content to larger screens and enjoy them with friends and family.

2 Clear view, easy operation

Equipped with a 3-inch, touch screen, the VC415 gives you a great preview of the videos you just made. The touch function makes it simple to select menu settings, so you can operate the camcorder with ease.

3 5X optical zoom

The VC415's built-in 5X optical zoom draws subjects closer while retaining high video quality. Whether capturing close or distant objects, 5X optical zoom lets you record every moment in clear, vivid detail.

4 Versatile functions

Video stabilization, pause recording, night mode and other special effects allow you to shoot videos and photos with ease without worrying about out-of-focus images.

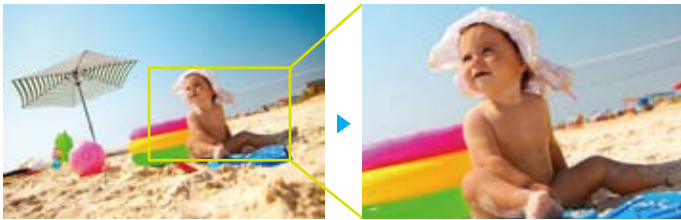

5 Store and share

With SD / SDXC memory card support up to 32 GB, you can shoot more than 8 hours of full HD video. Transfer images to external storage devices using the USB port, or upload your videos onto YouTube via bundled software.

Special Feature

5X Optical Zoom

The VC415 features 5X optical zoom that captures both close and distant objects in crisp, vivid detail.

5X Optical Zoom

Video Stabilization

The camcorder is equipped with Video Stabilization technology to ensure smooth recorded images. Stabilization precisely tracks even the slightest movements of the camcorder, then corrects the shaking to produce steady videos and crisp images.

No Video Stabilization
