VX3211-2K

The ViewSonic VX3211-2k is a minimalistic 32"(31.5 viewable) WQHD monitor featuring a Wide Color Gamut and SuperClear® Technology, designed to take you to a higher level of viewing pleasure for both work and entertainment. With VX3211-2K's SuperClear® IPS-type panel technology and an upgrade 2560 x 1440 WQHD resolution, users are able to see more on-screen content allowing you to view more while scrolling less for efficiency, while also maximizing image detail. Featuring a wide color gamut with 99% sRGB and 87% AdobeRGB color coverage, VX3211-2K enables professional graphic designers and home users alike to display more and accurate color. With built in DisplayPort, HDMI, and VGA ports, this monitor offers versatile input options to fulfill your connection needs. The minimalist appearance with a slim fishtail shaped stand makes it a perfect fit for offices and homes of any styles. Furthermore, VX3211-2K also comes equipped with ECO mode and an EPEA 7.0 certificate, which not only reduces energy consumption but also improves visibility and reduces eye fatigue.

- WQHD 2560 x 1440 Resolution
- 99% sRGB color coverage and 87% AdobeRGB color coverage provide richer and more precise color
- SuperClear® technology for vivid picture quality and wider viewing angles
- Versatile connectivity with DisplayPort, HDMI, and VGA
- Dual integrated speakers
- Enhanced viewing comfort

- Lower energy consumption
- Slim fishtail shaped stand with smooth matte finish
- VESA-Compatible Mount Design

Power in numbers with WQHD resolution

VX3211-2K's upgraded 32" WQHD 2560 x 1440 resolution, users will enjoy the benefits of a higher PPI pixel density, which delivers greater image detail, more displayable on-screen content, faster scrolling, and up to 70% more usable desktop space than Full HD, making project management and multitasking easier than ever before.

More viewable color

With 99% sRGB and 87% AdobeRGB color coverage, VX3211-2K covers a larger portion of the color gamut to deliver more shades of viewable color, ensuring that the monitor is able to meet and exceed industry color standard and produce color accurately.

Normal | Wide Color Gamut

SuperClear® IPS Panel Technology

Enjoy rich, vivid color with consistent levels of brightness, no matter the vantage point. With SuperClear® IPS-type panel technology, the VX3211-2K monitor delivers the same image quality whether you are looking at the screen from above, below, the front, or the side.

178° Viewing Angle
