

EP4646

46" DUAL SCREEN DIGITAL SIGN BOARD

Twice the Impact – Dual-Sided ePoster

In-store digital signage is easy with ViewSonic's new dual screen ePoster display solution. Vivid retail messaging is easy by connecting your PC or adding your network media player to the industry standard input connections: HDMI, VGA, YPbPr, USB or composite video (A/V). Each screen can be driven separately with its own content. ViewSonic's ePoster display can easily be connected to a corporate network by adding a network media player. Security is achieved through the locking back cover. Compatible ViewSonic® media players are available in both X86 and RISC (Linux) configurations.

- > **Dual screen 46" full HD ePoster featuring 1920x1080 resolution and tempered glass faceplate for screen protection**
- > **All-in-One design provides easy customer deployment with no required construction**
- > **Dual internal RISC media players with memory card for playing JPEG images and digital video files**
- > **Built-in AC power outlet and mounting cradle for adding your own media players**
- > **Automated power on/off provides easy scheduling of operation**
- > **5W (x2) internal audio for playing digital audio files**
- > **Applications:**
RETAIL ADVERTISING
TRANSPORTATION
HOSPITALITY
EDUCATION
