## ULTRA-SHORT THROW NETWORKABLE PROJECTOR

120Hz, 3D READY

### Small budget-big presentations

The powerful PJD6381 120Hz 3D ready projector combines powerful features with RJ45 network capability. The projector offers an extreme short throw ratio – producing a 50" image at a distance of only 0.68 meter away. With its short throw lens, the PJD6381 saves space by allowing you to place it at the front of your table and still display large, crisp images. With 3000 lumens and a 2800:1 contrast ratio, your images look great in a classroom, boardroom or virtually any setting. All these features are packed into an attractive, compact design weighting only 2.7 Kg. Multiple preset presentation modes, an increased 40 degree digital vertical keystone correction and digital zoom ensure the best possible image regardless of location. Choose the PJD6381 for up to 6000 hours of lamp life\*, low cost replacement lamps, filter-less design and a non-degrading DLP® light engine for the best warranty and low total cost of ownership.

### VERSATILE PRESENTATIONS ANYWHERE

> **Short-throw lens for large, stunning images in small spaces**

The short throw lens enables large images to be projected from short distances in small rooms with short throw distances. A screen size of 87" is possible from just 1.2m away.

> **Bright in virtually any setting with 3000 lumens**

Packs 3000 ANSI lumens in just 2.7kg (5.9 lb), and with a high 2800:1 contrast ratio (typ.), your presentations are guaranteed to be vibrant even in the brightest office environment.

> **BrilliantColor technology**

Latest BrilliantColor™ technology delivers stunning all-digital clarity with life-like colour, sharp graphics and outstanding video. The sophisticated 6-segment color wheel enriches the yellow colour performance that is key to accurate and vivid color reproduction.

> **Eco-mode extends lamp life 6000hrs**

Extend the life of your lamp up to 6000 hours and reduce noise output.

> **Network control through RJ-45**

Remotely schedule, manage and monitor the projector and its lamp status. Use the unique integrated clock to perform commands even when the host PC is powered down.

> **Off to go**

The direct off feature allows the busy presenter to simply unplug the projector and go without waiting for the usual cool down phase. This feature also protects lamp life from sudden powerblackout.
