

VX2770Smh-LED

68.5cm / 27" Full HD 1080p LED Display

Full HD Frameless Display for Ultimate Entertainment

Designed with frameless bezel and touch controls, the ViewSonic VX2770Smh-LED sets a new milestone in display design delivering a cutting-edge, trendy quality to any living space or office. With Full HD 1080P, 30,000,000:1 dynamic contrast ratio, up to 7ms response time and SuperClear™ IPS, the VX2770Smh-LED brings vivid and sharp images to life with remarkable image quality and wide viewing angles. An HDMI port provides high resolution image/video connection with devices for gaming, graphics, and HD entertainment. A pair of speakers powered by SRS Premium Sound® delivers true-to nature high-end stereo, complementing this superior display perfectly for a wide variety of applications.

> Frameless and slim bezel with touch control

The frameless bezel on VX2770Smh-LED features an elegant and glossy finish to complement any home or office. The sleek and seamless touch function key provides a simple and intuitive touch experience, making screen adjustment easy and fast. The VX2770Smh-LED is a stylish addition to any home or office.

> Full HD 1080p Resolution

The brilliant pixel quality of the 1920x1080 Full HD panel reproduces refined and natural image quality to meet the requirements of computer applications, graphics, gaming and HD video entertainment. The VX2770Smh-LED is an ideal fit for home entertainment and office works.

> SRS Premium Sound® surrounding stereo

Dual 1.5-Watt speakers, powered by SRS Premium Sound® surround stereo delivers audiophile quality sound for anyone seeking a supreme audio performance and gaming experience. SRS Premium Sound® produces deep rich bass and crisp highs with no requirement to connect external speakers, maximizing desk space to let the all-immersive audio journey begin.

> HDMI Inputs

The HDMI Interface on the VX2770Smh-LED allows flawless streaming with a variety of media devices, including computers, set-top boxes, Blu-ray disc players, HD digital cameras, gaming consoles and many others. HDMI enables image/video streaming to be delivered in a true high definition experience.

Special Features

SuperClear™ IPS wide-viewing angles

Conventional

SuperClear™ IPS

Industry-leading SuperClear™ IPS Wide Viewing Angles technology delivers 178° viewing angles from the horizontal and vertical with an accurate, vibrant, and dynamic image. Brightness levels are consistent across all viewing angles with no distortion or decay.

Dynamic Contrast Ratio

Normal

Dynamic Contrast Ratio

30,000,000:1 dynamic contrast ratio

With a Dynamic Contrast Ratio of 30,000,000:1, the VX2770Smh-LED delivers high definition to grayscale, darker blacks and brighter whites, while displaying the finest details and vivid colours of the image.
