About

ViewSonic®

Founded in California, ViewSonic is a leading global provider of visual solutions and conducts business in over 100 countries worldwide. As an innovator and visionary, ViewSonic is committed to providing comprehensive hardware and software solutions that include monitors, projectors, pen displays, commercial displays, All-in-One LED displays, ViewBoard interactive displays, and myViewBoard software ecosystem. With over 35 years of expertise in visual displays, ViewSonic has established a strong position for delivering innovative and reliable solutions for education, enterprise, consumer, and professional markets and helping customers “See the Difference.”

About

ViewSonic® | Education

For over 35 years, ViewSonic has been at the forefront of visual solutions, providing a unique perspective on the evolving dynamics of how users engage and consume content on displays. To bridge the gap between schools and the rapidly evolving EdTech landscape that is reshaping education, we draw on our extensive record in collaborating with schools globally and meeting the visual experience needs of our partners.

With an Education Ecosystem that encompasses three core competencies, ViewSonic aims to enhance learning outcomes by meeting the EdTech needs of school whenever they maybe.

1 Innovative Classroom Tech
Incorporating the latest hardware innovations for long-lasting and superior classroom experiences.

2 Diverse Product Range
Offering a diverse product range in different sizes and forms for optimal setups in any educational setting.

3 Form Meets Function
Blending form and function for accessibility and optimal ergonomics, enhanced by thoughtful accessories.

Professional Development
Global learning program to enhance the collective impact and strengthen education worldwide.

Interactive Learning Content
Enriching student engagement and learning with interactive digital content creation and sharing.

Teacher Community
Global teacher community to foster collaboration, share best practices and support peer-to-peer learning.

7

8

9

4 Teacher-tailored Innovation
Listening to teachers to develop impactful software solutions that meet the evolving demands of education.

5 Educational Institutions
Simplifying lesson planning, enhancing student achievement, and streamlining device management for IT admins.

6 Collaborative Classrooms
Fostering collaboration, driving participation, and supporting hybrid learning models with tailored software.

ViewBoard®

Interactive Displays

Tailored for education, ViewSonic's ViewBoard Interactive Flat Panels (IFP) elevate the classroom experience, promoting interactive and dynamic teaching methods that inspire both students and educators. They seamlessly integrate with our software solutions, empowering teachers and enriching students' learning outcomes. Designed with versatility and innovation in mind, these interactive displays enhance the educational experience, enabling innovative and dynamic teaching and learning approaches.

myViewBoard Suite
Containing annotation tools, multiple presentation options and access to cloud storage and video-assisted learning.

Presentations Done Your Way
Use built-software like AirSync and vCast to wirelessly display your content. Or get seamless wired connectivity with USB-C, HDMI and more.

Intuitive Interface
Leverage the of a smartphone with easy access to apps & a natural writing experience.

Easy Remote Management
Control all ViewBoards with a system designed to elevate device management.

ViewBoard®

With an intuitive user interface, teachers and students can actively engage in real-time collaboration, screen sharing, and document and image editing on the large screen, fostering collaboration and interactivity in educational environments. Furthermore, the extensive range of optional accessories and built-in multitasking capabilities ensure dependable performance that ultimately enhances classroom productivity.

IFP52 Series

The Premium Choice of Educators

High-end classroom solution blends best-in-class collaboration tools, premium sound quality, and an elegant, user-centred design.

IFP52-2F Series

- 4K Resolution, 65-86"
- Android 13 EDLA
- Octa-core Processor
- 40-Point UFT Touchscreen
- Dual 20W Speakers & 20W Subwoofer
- USB-C x3 with Up to 100W of Charging

IFP52-1 A/B Series

- 4K Resolution, 65-86"
- Android 11
- Quad-core Processor
- 33-Point UFT Touchscreen
- Dual 15W Speakers & 15W Subwoofer
- USB-C x1

IFP50-5/5F Series

Expanding Educational Horizons

Purpose-built for the future of education, featuring an intuitive interactive interface, TÜV-certified low blue light technology, and an anti-glare coating.

- 4K Resolution, 55-98"
- Android 13 Upgradable
- Octa-core Processor
- 40-Point UFT Touchscreen
- Up to Dual 20W Speakers & 20W Subwoofer
- USB-C x1

IFP33/33-G Series

Your Gateway to Interactive Teaching

This all-in-one solution provides the essentials for nurturing interactive and engaging learning experiences in classrooms.

- 4K Resolution, 65-86"
- USB-C x1
- Quad-core Processor
- 40-Point UFT Touchscreen
- Dual 18W Speakers
- Android 11 (IFP33)/ Android 13 (IFP33-G)

IFP105S

Where Innovation Meets Collaboration

The expansive touchscreen and Microsoft Teams compatibility enhance collaboration and communication for higher education.

- 5K Resolution, 105"
- Android 13
- Octa-core Processor
- 40-Point UFT Touchscreen
- Dual 20W Speakers & 20W Subwoofer
- USB-C x2

EP5542 (Non-Touch)/EP5542 (Touch) All-in-One Digital ePoster

Engages communal spaces with powerful audiovisuals, featuring a lockable door to secure a PC or media player for reliable media playback

- 4K Resolution, 55"
- Android 8
- Quad-core Processor
- Slim, Freestanding Design
- Dual 10W Stereo Speakers
- 16GB Internal Storage

Accessories

Elevate the capabilities of your ViewSonic ViewBoard and presentation displays by incorporating a range of optional accessories, enabling you to optimise collaboration in both classroom and meeting room settings with ease.

Air Pen

VB-Pen 007

Boasting an air mouse, a clicker, and a pointer, this plug-and-write stylus provides speakers and lecturers with all the tools they need to confidently present and share their ideas.

Motorised Trolley Cart

VB-STND-008

Provides easy height adjustment via the ViewBoard app toolbar and silent mobility for room-to-room movement of ViewSonic ViewBoards weighing up to 75 kg.

Conference Camera

VB-CAM-201-2

Offers voice tracking, wide-angle framing, 4K UHD resolution, 5x digital zoom, advanced audio processing technology and is compatible with expansion mic VB-MIC-201.

ViewBoard Dock

VB-IOB-001

Powered via USB, it integrates with the ViewBoard IFP50-5 series interface to offer expanded input options including USB-C, Display Port, HDMI, VGA, and PC Audio ports.

Slim Trolley Cart

VB-STND-009

Incorporates a streamlined, height-adjustable design, a storage tray, and quick-release 360° silent wheels for easy movement of ViewSonic ViewBoards weighing up to 120kg.

Full HD Camera with Mic

VB-CAM-001

Incorporates a Full HD 1080p resolution, built-in stereo microphone, and an easy-to-mount design featuring a cable management bracket.

EDLA Box

VPC-A31-01

EDLA Certified with Android 13 OS, it integrates myViewBoard, offers Google Workspace and Play Store compatibility, and provides advanced security.

ViewBoard Box

VBS200-A

Converts any compatible monitor, display, or projector into a digital podium integrated with myViewBoard for all your presentation, collaboration, and productivity needs.

Wi-Fi 6 Wireless Module

VB-WIFI-001

Delivers lightning-fast dual-frequency 2.4GHz and 5GHz WiFi 6 wireless internet connectivity for compatible displays, empowering smoother lessons.

Fixed Wall Mount for ViewBoard & Presentation Display

VB-WMK-003

Designed to mount 55" to 105" ViewBoard and Presentation Display while supporting up to 150kg load capacity with VSEA standard up to 1000 x 600mm.

ViewBoard Slot-in PC

VPC35-W53-G1 & VPC37-W53-G1

Featuring high-performance hardware and a variety of ports, it upgrades compatible ViewBoards with Windows 11 Pro for enhanced computing performance and security.

Smart Sensor

VB-SEN-001*

Optimise learning conditions with temperature, humidity, and air quality monitoring, along with energy-saving features and secure NFC access.

*Compatible with IFP50-5 and IFP33 series.

ViewBoard Cast Button

VB-WPS-001/ VB-WPS-003**

Enables wireless lesson content casting from preferred device to designated display through simple HDMI cable setup.

**VB-WPS-001 includes a USB-C cable, while VB-WPS-003 comes with HDMI and USB-A cables.

Wireless Module

VB-WIFI-004

Offers fast dual-frequency 2.4GHz and 5GHz with (802.11AX) wireless internet connectivity for supported devices.

Monitors

Enhance the educational experience for teachers, students, and IT professionals with ViewSonic's comprehensive range of desktop and portable monitors. Boasting a user-centric, ergonomic design enhanced by flicker-free and blue light filter eye care technology, they ensure a comfortable viewing experience while promoting safe usage. Adaptable and versatile, ViewSonic monitors cater to the dynamic needs of today's school environment, seamlessly fitting into various educational setups from digital podiums to teacher break rooms and school labs.

Teachers

Empower Interactive Teaching

VG2756V-2K

Docking monitor with USB-C connectivity for quick classroom or teacher's room setup. Features a high-end built-in camera for hybrid and remote teaching.

- 27" QHD IPS Docking Monitor
- Built-in Camera with Privacy Shutter & LED Light
- Two-way Noise-reduction on Both Speakers & Microphone

VG2456

USB-C docking monitor with a 1080p screen and complete ergonomics for teachers' desks and teacher rooms.

- 24" FHD IPS Docking Monitor
- 40° Tilttable Screen & Height-adjustable Stand
- Daisy Chain Enabled for Better Cable Management & Productivity

Students

Facilitate Active Learning

VA2432-H

VESA-mountable eye-care monitor with anti-glare coating ensures comfortable viewing in classrooms, computer labs, and other study rooms.

- 24" 1080p IPS Monitor with frameless design
- 100Hz Refresh Rate & Fast 1ms Response Time
- Flicker-free & Built-in Low Blue Light Screen

TD1655

Robust USB-C touchscreen portable monitor provides extended screen real estate for smartphones, tablets, and laptops, whether in class or on the go.

- 16" FHD IPS Portable Touch Monitor
- Lightweight, Slim, Compact Design
- USB-C for Instant Connectivity

IT Professionals

Manage the Educational Ecosystem

VG3456C

Curved ultrawide QHD monitor featuring Eye ProTech technology. The built-in vDisplay Manager allows display customisation for efficient multitasking.

- 34" UWQHD Curved Docking Monitor
- Flicker-free & Blue Light Filter Technology with Advanced Ergonomics
- 100W USB-C with Ethernet Connectivity

VG3419C

Ultrawide monitor with a USB-C port, advanced ergonomics, and eye-care technology for comfortable multitasking.

- 34" UWQHD VA 21:9 Docking Monitor
- Up to 65W Quick Charging for Mobile Devices via USB-C Cable
- 120Hz Refresh Rate for Smooth Visuals reducing eye strain and increasing productivity

Education Projectors

ViewSonic's lamp-free projectors empower campuses with large-screen versatility, perfect for classrooms, auditoriums, and sparking creativity through immersive learning experiences. With a lifespan of up to 60,000 hours, they champion sustainability with LED and laser light sources, offering a cost-effective, low-maintenance alternative to mercury bulb projectors.

Prioritising ease of use, ViewSonic projectors offer instant setup for hassle-free seminars and presentations. With highly adaptable features, including portable and mountable options, keystone correction, 4 corners adjustments, lens shift, and 360° projection, they seamlessly fit into diverse learning scenarios, whether inside or outside the classroom. Short throw models take versatility a step further, projecting a 100" image from just centimeters away to eliminate shadows from classroom presentations. Administrators can effortlessly update the projector's firmware via laptops, and LAN connectivity streamlines remote control.

Classrooms

Ultra Short Throw & Short Throw Projectors

LS832WU

WUXGA ultra short throw laser projector projects 100" images from 28cm away, maximising space efficiency and eliminating presentation shadows.

- Up to 170" Projection at 1920x1200 resolution
- 2nd Generation Laser Phosphor technology
- Dual HDMI 2.0b for 4K HDR/HLG Content Display

LS560W

WXGA short throw LED projector capable of projecting 100" images from 1.1m away for space-efficient installation.

- Up to 300" Projection at 1280x800 Resolution
- 3rd Generation LED Technology
- USB-A Power Supply for HDMI Wireless Dongles

Classroom Anywhere

Portable LED Projectors and Wireless Casting Solution

M10E

This ultra-compact, RGB laser smart projector delivers 2,200 RGB Laser Lumens for vibrant and portable theatre experiences in any classroom.

- Up to 120" Projection in FHD Resolution
- Auto H/V keystone, instant auto focus and ceiling projection
- Integrated Stereo Harman Kardon Speakers

WPD-700

The WPD-700 is an intuitive, stable, and secure wireless casting solution. Offering plug-and-play functionality, it enables users to cast content wirelessly from their mobile devices without network setup or software installation.

- No need for software installation or network setup
- Secure Wireless Connection
- Smooth Presentation with Unnoticeable Latency

Auditoriums or Lecture Halls

Installation Projectors

LS740HD

Compact and lightweight laser projector that delivers 5,000 ANSI Lumens of brightness—ideal for large-scale projections to sizable audiences.

- Up to 300" Projection in FHD Resolution
- USB-A Power Supply for HDMI Wireless Dongles
- 1.3x Optical Zoom, H/V Keystone & 360° Projection

LS920WU

WUXGA laser projector, projecting large-scale, crystal-clear images at 6,000 ANSI Lumens of brightness—ideal for large audiences.

- Up to 300" Projection at 1920x1200 Resolution
- LAN & HDBaseT Receivers Centralise AV Control
- 1.6x Optical Zoom, 360° Tilt & Wide H/V Lens Shift

Creative Learning Spaces

Immersive Projectors

LS711HD

Capable of 100" projection from 1.1m away, this compact laser projector is capable of edge blending for creative, immersive lessons free from shadows.

- Up to 300" Projection in FHD Resolution
- USB-A Power Supply for HDMI Wireless Dongles
- 1.3x Optical Zoom, H/V Keystone & 360° Projection.

LS610HDH

This LED projector offers stunning clarity and vibrant projection, complemented by 4 corner image adjustment and 360° projection for convenient setup.

- Up to 300" Projection in FHD Resolution
- 125% Rec.709 for Vibrant Color Reproduction
- 360° Projection onto Ceilings, Walls, or Floors

LED Displays

Make a significant impact with ViewSonic All-in-One LED Displays. Tailored for effortless setup and seamless operation, these displays boast an all-in-one design, integrating all operating components. They ensure engaging campus communication and captivating presentations during lectures and events in foyers, boardrooms, multipurpose rooms, auditoriums, and other large venues throughout the campus.

Offering screen sizes ranging from 108" to 216", the wall-mounted LDM and LDP Series, along with the mobile LDS series with 135" foldable screen, they deliver spectacular visuals with high brightness and vibrant colors. With integrated OS, wireless content-sharing capabilities, and compatibility with AV control systems, ViewSonic's All-in-One LED Displays provide a versatile and user-friendly large display solution, catering to the needs of the entire school community.

Wall-mounted Solutions for Communal Spaces

LDM Series

Big Screen Campus Communication

This All-in-One Direct View LED Display captivates audiences with stunning visuals on the expansive screen, free from distracting bezels.

- FHD Resolution, 135-216"
- Integrated OS
- Cinema SuperColor+™
- Detachable System Control Box
- Dual 5W Speakers
- Wireless Content Sharing

LDP Series

Presentations to Remember

This premium model boasts an ultra-slim and frameless design and integrated Harman Kardon speakers for captivating presentations.

- FHD Resolution, 108-216"
- 600 nits High Brightness
- Cinema SuperColor+™
- Detachable System Control Box
- Dual 20W Harman Kardon Speakers
- Wireless Content Sharing

The Perfect Events Solution

LDS135-152

The Versatile Choice for Events

Featuring a foldable screen and a motorized stand, this pre-assembled LED display offers enhanced mobility for easy transport across venues.

- FHD Resolution, 135"
- LAN Control
- Cinema SuperColor+™
- Motorised Stand with 360° Silent Wheels
- Dual 20W Harman Kardon Speakers
- Wireless Content Sharing

Pen Displays

Crafted to enhance teaching and learning, ViewSonic Pen Displays deliver an authentic pen-on-paper writing experience. With a lightweight and portable design, they ensure smooth use during lessons and events, promoting engagement and improving learning outcomes. Seamlessly integrating with mobile and computer operating systems, these models add dynamism and accessibility into lessons across diverse educational settings. When paired with projectors and Direct View LED displays, they enable intuitive multitouch control and natural handwriting, empowering the delivery of compelling large-screen presentations.

Capable of sensing 1,024-8,192 levels of pen pressure, ViewSonic Pen Displays rival the Surface pen in delivering remarkable accuracy. Complemented by palm rejection technology, they eliminate unintended touch inputs, ensuring smooth presentations and brainstorming sessions. Moreover, their compatibility extends to popular software packages like myViewBoard, Microsoft Office, and Adobe Suite. This empowers educators to intuitively create content, collaborate, and engage with students.

Teaching Intuitively

ID2456 Smart Multifunctional Display

Featuring a blue light filter, flicker-free screen, and responsive touchscreen input, this device enables seamless presentations and collaboration.

- FHD Touchscreen, 24"
- Dual 3W Speakers
- MPP 2.0 & PCAP Touch
- 4,096 Levels of Pressure Sensitivity
- ViewDirector Livestreaming Software
- USB-C Connectivity

ID1330 Seamless Teaching, Anytime, Anywhere

Featuring a paper-like texture, vivid screen, and plug-and-play connectivity, this portable monitor empowers seamless creativity and productivity.

- FHD Resolution, 13.3"
- Fully Laminated Screen
- Battery-free Pen
- 8,192 Levels of Pressure Sensitivity
- Dual USB-C Connectivity
- Lightweight Design

ACP501 Pen-on-Paper Writing

Effortlessly write with the ViewStylus—no Bluetooth or drivers required. Compatible with ViewBoards, iPads, and other touch screen devices.

- Palm-rejection technology
- Magnetic Attachment
- Smart Touch to Power On
- 11.5 Hours on a Single Charge
- USB-C Fast Charging
- Power Saving Mode

Esports

ViewSonic Gaming Solutions

Progressive schools embrace esports in education, offering entertainment and developmental benefits to students. Integrated into STEAM education and extracurricular activities, ViewSonic Gaming monitors elevate learning by fostering skill development, teamwork, and a healthy competitive spirit. This engagement may lead to scholarships and opportunities within the gaming industry.

Contributing to a diverse gaming landscape, ViewSonic provides sophisticated options for hardcore gamers and accessible choices for newcomers. Our premium monitors, designed with the modern gamer in mind, feature sleek forms, customisable lighting, and cutting-edge technology, continually setting new standards. Meanwhile, Entry-level gamers are perfectly catered to with these affordable yet powerful monitors, boasting stylish minimalist designs by seamlessly blending work and play.

XG2431

Esports

Propelling FPS gaming into new territory, Fast-IPS technology enables games to run at higher frames and ensures every input is faster and more precise.

- 24" FHD IPS Panel
- 240Hz Refresh Rate
- <0.5ms MPRT
- AMD FreeSync Premium Compatible
- Blur Buster 2.0 Approved
- HDMI x2, DisplayPort x1

VX2779-HD-PRO

Passion

Say goodbye to display stutter and screen tearing - this monitor ensures your immersion in lightning-fast action and razor-sharp visuals, ideal for fast-paced games.

- 27" FHD IPS Panel
- 180Hz Refresh Rate
- 1ms MPRT
- AMD FreeSync Compatible
- HDMI x2, DisplayPort 1.4 x1

VX3418-2KPC

All-rounder

Whether you're gaming, editing, or working, this ultrawide monitor's 3-side borderless with blur-free and HDR visuals have you covered.

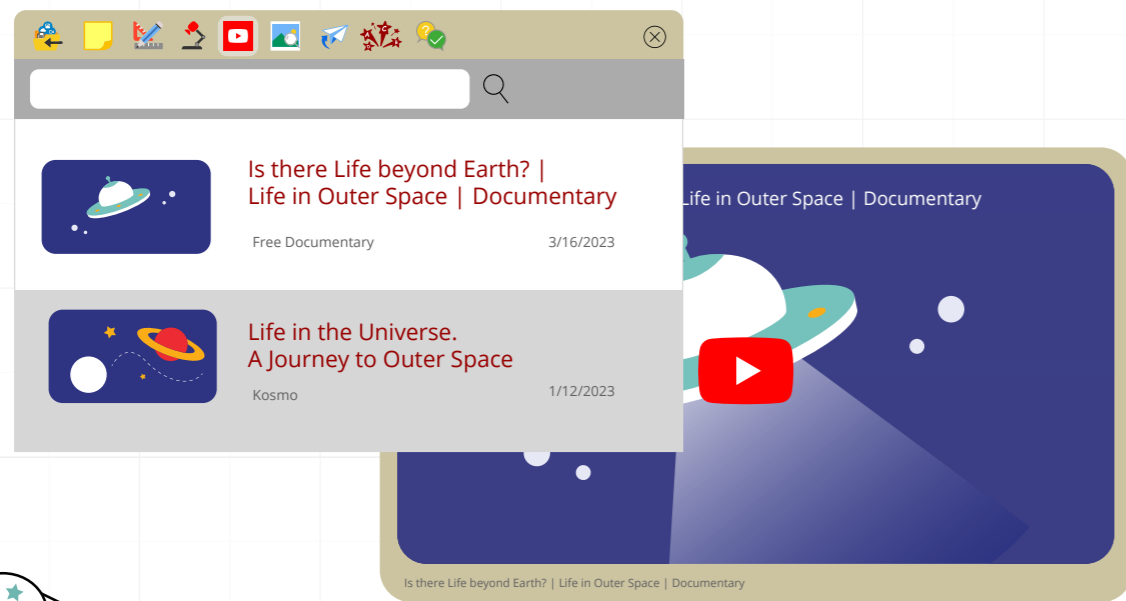

- 34" UWQHD VA Panel
- 144Hz Refresh Rate
- 1ms MPRT
- AMD FreeSync Premium Compatible
- 1500R Curved Screen for Immersive Visuals
- HDMI x2, DisplayPort x2

myViewBoard Whiteboard

A Tool for Every Educator

myViewBoard Whiteboard goes beyond the capabilities of a traditional whiteboard to enhance learning outcomes. Providing an intuitive interface and an advanced toolkit of lesson creation tools, it empowers the creation of interactive and engaging lessons on a multimedia-rich, infinite canvas. Cross-device accessible and based on the future-proof OLF file format, Whiteboard presents a long-term solution that promotes collaboration within schools and adapts to the evolving EdTech landscape.

Media-Rich Learning Environment

Discover Magic Box, a toolkit empowering teachers to seamlessly add multimedia onto Whiteboard's infinite canvas. Interactive tools like the document camera enhance engagement, while the YouTube viewer, web-based image search, animated widgets, and captivating pop quizzes and polls features allow lessons to evolve in pace with students' comprehension.

Cross-Platform Compatibility

Accessible on Windows, Mac, iOS and Android devices via web browsers or apps, Whiteboard's open compatibility streamlines the learning curve and encourages seamless collaboration within schools. With a complimentary upgrade of existing lessons to Whiteboard's OLF file format, it frees teachers from file migration hassles so they can focus on delivering impactful lessons.

Simplified Resource Exchange

Offering secure cloud-saving, Whiteboard ensures educators and students anywhere have effortless access to lesson resources. Through the ViewSonic Educator Community, teachers can collaborate with global peers, exchanging lesson plans and activities in the OLF file format, fostering an interconnected approach to lesson planning that contributes to improved learning outcomes.

myViewBoard Manager

Unlock Efficiency. Anywhere.

myViewBoard Manager is a comprehensive and user-friendly centralised Device Management System (DMS) tailored for schools. This powerful and intuitive web-based DMS streamlines campus communication and simplifies the management of ViewBoard and digital signage by enabling administrators to remotely control, maintain, and update campus devices. All myViewBoard Entity users can receive complimentary access to Manager Basic, which provides essential device management and campus communication features. Manager Advanced, available through a subscription, provides additional communication, management, and performance capabilities to maximise school efficiency.

Learn more about myViewBoard Manager

myviewboard.com/products/manager/

Centralised Management

Organise ViewSonic displays into groups for efficient batch deployment of necessary applications, files, and settings configurations.

Remote Access

Remotely control and update device firmware and software through a web-based dashboard for streamlined maintenance and optimised performance.

Campus Communication

Schedule and broadcast announcements, emergency alerts, and multimedia content throughout your school in a few simple clicks.

UNIVERSE

by ViewSonic

Your Virtual Campus for Online Learning

Bridge the gap between virtual and in-person learning experiences with UNIVERSE by ViewSonic, a cross-platform compatible virtual campus that works seamlessly across various devices and operating systems. Designed with 3D environments, including classrooms and collaborative areas, UNIVERSE expands beyond the traditional boundaries of online education to increase engagement, encourage collaboration, and foster a sense of belonging among students.

Drive Engagement

Communicate naturally within the immersive environment with true-to-life sound, avatar, emotes, camera feeds, screen sharing, and more.

Enhance Collaboration

Coordinate group activities effortlessly using breakout rooms and exchange ideas and resources on virtual collaboration boards.

Foster a Sense of Belonging

Let students express themselves freely with customisable avatars and develop meaningful connections within the safe learning space.

Simplified Interactive Learning

Take classroom engagement to new heights with ClassSwift, an innovative, cross-device compatible learning platform. By enabling the seamless creation of real-time push-and-respond content, it helps teachers boost engagement, participation, and knowledge retention using any format of lesson material. With real-time insights and comprehensive reports, ClassSwift empowers teachers to tailor lesson delivery to individual learning preferences and comprehension levels, resulting in enhanced learning outcomes.

Check Comprehension On-the-fly

Check students' comprehension levels quickly using interactive question formats like quizzes, true or false, audio and sketch responses.

Spark Classroom Excitement

Inject excitement into every lesson using elements such as a point reward system, engaging buzzers, and dynamic timers to captivate students' attention.

Personalise Learning Experiences

Drive educational success by using real-time, comprehensive student performance insights to tailor lessons to individual and group learning preferences.

ViewSonic Services

Resources for Teachers, IT Administrators & Partners

Beyond our diverse product portfolio, we provide tailored services for educators, administrators, and reseller partners. Teachers can explore pedagogical insights in our Library, enhance their skills through the Professional Development Program, and collaborate, exchange ideas, and get inspired by global educators within our vibrant Educators Community. For IT Admins, our myViewBoard Knowledge Base makes troubleshooting seamless. Meanwhile, our Managed Service Provider (MSP) Program empowers reseller partners to thrive.

ViewSonic Library

Step into the ViewSonic Library—a hub where educational insights, EdTech news, best practices, industry leaders, and more unite to inspire. Immerse yourself in knowledge to navigate the ever-evolving educational landscape.

ViewSonic Professional Development Program

Through in-person trainings and online classes, our ViewSonic Professional Development Program elevates teaching and coaching skills, enabling educators to harness the full power of classroom technology.

ViewSonic Educators Community

Discover ViewSonic's dynamic global community, where educators unite to inspire, learn, and grow. This dedicated Educators Community enriches teaching through collaboration, offering a platform for swapping lesson plans, attending exclusive events, and refining your EdTech skills.

myViewBoard Knowledge Base

Unlock a wealth of knowledge by accessing a comprehensive collection of help documentation, support articles, and guides for myViewBoard Whiteboard, Manager, and more. Meticulously designed, these resources are crafted to kickstart your journey within the ViewSonic ecosystem of apps.

Managed Service Providers

Promoting growth and certification within the EdTech industry, ViewSonic's Certified MSP Program provides tailored support for technicians, trainers, and business partners. This empowers them to deliver exceptional value-added services around the ViewSonic solutions they integrate.

Testimonials

Digital Transformation with ViewSonic Education Solutions New Rickstones Academy and Academies Enterprise Trust

"We had a big problem across our trusts: we had lots of different types of panels and tech in our schools, and it was really difficult to manage so many different types of solutions. We decided after a trial to go with ViewSonic because their software and hardware proved to work really well for us. The thing that was noted, especially when we were doing the trials, is the ease of use, and I think that's so important for teachers in the classroom."

— Ben Moore, Technology Support Officer

SOFTWARE

ViewSonic Expert Academy East Central Ohio Educational Service Center

"myViewBoard is a fantastic piece that's going to allow the teachers to connect the tools at their fingertips to the magic that's going to get through to the students in the long run."

— Dana Atwood, Technology Consultant

HARDWARE

Ashford School Embraces Digital Transformation Ashford School

"[ViewBoards] it's just so much easier...It's like having an old phone and a new phone and you wouldn't swap your smartphone for the old Nokia. You just wouldn't do it. It's just the ability to drag things in, type things, write on things, graph things."

— Dr. Sue Childs, Head of Mathematics

SERVICE

EdTech for Learning and Comfort Wenzao Ursline University of Languages

"The after-sales services, including the customised service, matter to us. For example, their English-speaking trainers can show our foreign teachers how to use the system. In terms of hardware, software and human resources, ViewSonic is indeed a reliable partner."

— Margaret Mei-Hua Chen, Former President

ViewSonic Partners with EdTech Leaders
